

Salone del Mobile 2017
Milano Bedding, Pad. 6 stand B29

Design details, cozy shapes and hidden mechanisms for better comfort.

Milano Bedding, for over twenty years, manufactures sofas and sofa beds that focus on shape and innovation, to provide an expression of the made in Italy quality product.

At "*Salone del Mobile.Milano*", the Brianza-based company introduces regularly its novelties, showing attention to details, to the quality of the materials used and sophisticated finishes.

For the first time at the Milan show the company introduces the sofa and sofa bed **Clarke**, a model that features a "skirt" and a particular edging, which makes it sophisticated yet informal, for relaxed and cosmopolitan environment.

The attention to detail also distinguishes **Groove**, which stands out immediately for the manufacturer of the armrests with their pleating, making it an elegant and comfortable model, combining classic details in a modern form.

Tommy and **Antigua** are two versatile models that are suitable to be customized: the first, perfect for creating free configurations and the second, thanks to the various panels, converts into a bed, a daybed or a simple bed base.

Charles shows the elegance of form, in a model where curves and straight lines meet harmoniously.

Andersen, thanks to the balanced proportions, square and essential, is a timeless sofa.

Finally, Milano Bedding shows the **Ellington**, featuring leather or fabric inserts, enriching and outlining the style of armrests and backrest.
